23. Aims of programme	

BSc Bioveterinary Sciences

- ◁ To offer a high quality course, in which students are challenged by, and stimulated to challenge, accepted wisdom in all fields of bioveterinary science.
- ◁ To prepare graduates for careers in academic and industrial research, biotechnology and the

< Display practical skills including the ability to design and execute experiments, analyse and interpret the resultant data, and present conclusions in a variety of formats.

Year 2 Research Project

< Have developed the ability to access appropriate information, make methodical

Coursework	BSc: 22% MSci: 20%
Written Exams	BSc: 45% MSci: 33%
Projects	BSc: 33% MSci: 47%

27. Feedback

In each module in each year, there are a number of formative feedback opportunities. These include written formative feedback on individual coursework, online quizzes with answers, group question and answer sessions, feedback to the year group about exam and ICA performance, feedback to individual students about exam and ICA performance (in one-to-one tutorials). Students are encouraged to seek feedback from lecturers and tutors as needed during all small group learning and practical classes. Frequent opportunities for formative feedback (oral and written) during investigative projects.

28. Programme structures and requirements, levels, modules, credits and awards

NB: The College will not deliver any module or part of a programme if circumstances have changed to
