

3.	Applicable to: Students commencing the MVetMed from July 2015
4.	Aspects of Course Covered by Examination <ul style="list-style-type: none"> • All subjects taught on the course modules (module assessments) • Clinical / Pathology skills (annual appraisals) • Research skills (research project)

5. Form of Examination

5.1. **Formative
Summative**

Progress Assessment

An assessment led by the supervisor to evaluate:

5.2.

5.2.1.

- Development of clinical / pathological competencies and professional behaviours
- Performance in meeting Specialty Board credentials and publication requirements
- Rate of progress in respect of academic and study requirements for the programme

5.2.2.

Modules

Assessments for 10 or more modules.

Assessments associated with each module (format individualised by module: e.g. essays, MCQs, EMQs, spot tests).

5.2.3.

Research Project

- Research project report written in the format of a paper suitable for publication in a peer-reviewed journal appropriate for their Specialty Board. This may include feedback from one or more co-authors, but should not include feedback from journal scrutineers. Hence the version of the manuscript submitted to the Exams Office must be the same as the initial version submitted for publication.
- Oral examination of research project at end of year 3
