	Research Methods for the Food System	15	7	Compulsory				
	ILHP Research Project	45	7	Compulsory	Research Methods for the Food System			

Students planning more than a year ahead should be aware that the College will not deliver any module or part of a programme if circumstances have changed to threaten its quality or viability. Such offerings could change after a student has started the course. However, the College will always offer alternatives that will be of equal cost in both fees and add-on expenses to the student and of equal academic value.
